Multi-Tiered System of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

We believe...

We cannot “make” students learn or behave. But we CAN create environments to increase the likelihood that students learn and behave. We CAN create environments to increase the likelihood of positive behaviors occurring. These environments are guided by a set of standardized practices implemented with consistency and fidelity.

MTSS-B is a problem-solving framework for teaching desired behaviors in each school. MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports to increase the likelihood students are academically, emotionally, behaviorally and socially successful.

With consistent implementation, Multi-Tiered System of Support for Behavior

• Improves the school climate
• Reduces aggressive behaviors
• Reduces major disciplinary infractions such as suspensions
• Improves concentration, positive social behavior, and emotional regulation
• Improves academic achievement.

If you would like more information about how MTSS-B is implemented in your school, contact the building principal.

Welcome To Beveridge Magnet Middle School of Global Studies and the Arts

Dear Beveridge Students and Parents:

We want all students to succeed and have tremendous learning experiences at Beveridge Magnet Middle School. The Beveridge staff strives to provide numerous learning opportunities for our students to explore a variety of subjects and activities. We try to be sensitive to the educational needs of our middle level students by providing a learning atmosphere characterized by strong, positive, supportive relationships among staff, students, and parents.

Beveridge is a school where students respect each other. Students, you are now not only a Beveridge Magnet Middle School student, you are also an important member of a grade level team. You are expected to help maintain the Beveridge tradition by following all school and team rules.

The purpose of the Student Handbook is to make students and parents aware of the procedures, rules, and practices at Beveridge Magnet Middle School. All students are expected to be familiar with the contents of the student handbook. Keep it with you and refer to it frequently. If every student follows the rules and suggestions in this handbook, our student body will continue to be an outstanding one.

We strongly encourage parents to be involved in their child’s continuing educational development through positive encouragement and reinforcement at home. Please attend and participate in school activities and do your part to encourage open communication with teachers, counselors, and administrators. Your child will experience success at Beveridge Magnet Middle School if we all work together.

School History

Beveridge Magnet School was named in honor of John Harrie Beveridge, who was the superintendent of Omaha Public Schools from 1917 until his death in 1932. These were important years for Omaha Public Schools. Much of our school district’s strong academic tradition can be attributed to Superintendent Beveridge. Mr. Beveridge was a hardworking man who was never afraid to stand up for what he thought was right. He was a man of kindness and concern for others.

Beveridge Magnet Middle School is located on a 17-acre site midway between Pacific and Center Streets. The John H. Beveridge Junior-Senior High School opened its doors in the fall of 1963 with 946 students in grades 7 through 12. As the first junior-senior high school in the Omaha Public Schools, Beveridge was built to accommodate students in a rapidly growing West Omaha community. Beveridge was built on a “pay-as-we-go” plan totaling $2.1 million with no bond money used in the original construction.

Beveridge Middle School was renamed as Beveridge Magnet Middle School for Global Studies and the Arts beginning in the year 2001-2002. The magnet school status has allowed us to offer educational opportunities that are unique to Beveridge. In 2015, the voters approved a $421-million-dollar bond for the renovation and construction of schools within the Omaha Public School district. Beveridge began a $36.6 million-dollar renovation and construction project in the fall of 2016 and it was completed in December of 2017. Two new buildings were added to the original structure; an arts wing and a 6th grade building. In August 2018, Beveridge gained 6th grade students making it a 6th-8th grade middle school. We are proud of our programs and school and we are excited about the possibilities for our students.

Administrators

If a Beveridge Magnet School student has a problem that cannot be solved with a teacher, a counselor, or another student, you should visit with your principal or assigned assistant principal. We are here to help you be successful and help you solve your problems. Do not feel that you are wasting our time because helping students to be successful in school is the most important job we have. If you feel that a matter or problem is extremely urgent, you may stop in the office during passing periods. Otherwise, you should request permission from your teacher to visit with us during class time or you can visit with us before or after school.

Counselors

Each student is assigned a counselor based on grade level. You should get to know your counselor and take advantage of the guidance and counseling services offered. Our counselors are trained to listen to student concerns, whether the concerns are personal, social, career focused, or school related. Counselors are available to help you any time before, during, or after school.

Attendance

Strive for 95% is the Omaha Public Schools and Beveridge Magnet Middle School initiative for attendance. The goal is for all students to be in school, on time, at least 95% of the time. This means students should miss no more than eight (8) days per school year. Studies show students who have a high rate of attendance have higher rates of academic achievement and personal satisfaction.

Tardies To School

When a student arrives after 7:40 am, he/she is counted tardy to school. A student who is tardy to school must obtain a tardy pass from the main office before going to class. When a student is tardy to school four times, a parent/guardian will be contacted. Students with excessive tardiness will be placed on an overnight suspension and a parent conference will be scheduled before the student can be readmitted to school. Students who are at school prior to the start of the school day and check into the office tardy, will be marked accordingly. The tardy to class policy will then apply.
Tardies To Class
Students are expected to be in every class on time throughout the school day. Teachers will work with students and parents to prevent tardiness from becoming excessive from class-to-class. The school wide tardy policy is as follows per semester:
1st tardy = Student/teacher conference
2nd tardy = Parent contact
3rd tardy = Teacher assigned detention and Parent contact
4th tardy = Office referral and parent contact.

Student Assignments during Absence
When a student is absent, we encourage students and parents to check the student and parent Infinite Campus portal for assignments. In addition, students should check their individual OPS email for information regarding missed assignments. Parents may also call the main office at 531-299-2280 to request assignments. When calling, a parent should state child’s name, grade, team, and estimated days the student will be absent.

Homework
Beveridge Magnet Middle School students are expected to study and prepare portions of their lessons at home even though part of their studying will be done during the class period under the supervision of their teachers. Students will be expected to complete assignments at home as a necessary part of classwork. HOMEWORK IS THE RESPONSIBILITY OF THE STUDENT. If a student does not turn in an assignment, a tutorial detention will be assigned. Work missed due to excused absences must be made up in reasonable amount of time. Students missing school due to suspension will receive credit for work missed if done in a timely fashion.

Daily Announcements
The daily announcements are broadcast each morning during Team Time (advisory). Pay close attention to the announcements for the dates and times of activities which are offered throughout the school year.

Staying After School
All students must leave the building by 3:10 p.m. unless they are under the direct supervision of a staff member or are involved as a participant or spectator at games or a school activity. Parents are to pick-up their students by 3:10 p.m.

Teachers are usually available from 3:05 to 3:25 p.m. unless they have other after school obligations. Teachers will be happy to give extra help to students who request it. Students must check with a teacher in advance to make arrangements to stay after school for help. Students staying after school must make arrangements for transportation home unless bus transportation is provided. Students are to leave immediately after they have completed their work with the teacher or after the activity has been completed. Students who must wait for a ride after school should wait outside the building unless they are under the direct supervision of a staff member. Students should be picked-up from school at 3:10 p.m.

Beveridge does not have supervision for students after 5:00 p.m. It is imperative that transportation arrangements are made accordingly.

Detentions
Detentions assigned by teachers, counselors, or administrators must be served at the time and place specified by the staff member. Students are expected to report for detentions on time with study materials and are to stay busy for the entire period of the detention. Failure to serve detentions will result in further disciplinary action. Office detentions are to be served in the area designated. Students must report by 3:10 p.m. to serve detentions.
**Tutorials**
Tutoring is offered on Tuesdays, Wednesdays, and Thursdays after school until 5 pm. Students staying for tutorial should report to the cafeteria immediately after dismissal. Teachers are available to assist students in the areas of Math, Language Arts, Reading, Science, Study Skills, and ESL/Dual Language.

**Late Bus**
Any student wanting to ride the late bus due to an activity, tutorial, or consequence must sign up outside the cafeteria during lunch. Students involved in athletics will only need to sign up at the start of the season. Students who do not sign up to ride will not be able to board. The late bus will board each day at 5:00 p.m.

**Student Success Center**
The Student Success Center (SSC) Room is an alternative to suspension from school. Students in SSC are not deprived of the opportunity to continue their education. Teachers provide school work during the time students are in SSC. **Misbehavior in the Student Success Center could result in suspension from school.** Students eat lunch in SSC, not in the cafeteria. Students who purchase school lunches will receive a sack lunch.

A student who is assigned to SSC for any part of a day may not be involved **that day** in any after school activities as either a spectator or a participant.

**School Store**
The Beveridge Magnet Middle School store is located by the gym. The school store is open one day each week in the morning and one day each week at lunch. Open days will be determined at the beginning of each school year. Most necessary school supplies are sold in the store. Supplies include paper, pencils, pens, notebooks, and folders. School t-shirts and sweatshirts are also available for purchase.

**Lost and Found**
Lost and found items such as jackets, PE clothes, hats, backpacks, lunchboxes, etc will be placed on the “Lost and Found” rack located outside of the gym. Cell phones, keys, and jewelry will be located in the main office. If an item is found, please bring it to the office at once. Students may claim articles by identifying the item to a staff member. Please label personal belongings. Such marking helps the administration to identify lost or stolen items and discourage theft.

**Student Use of Computers**
All students are one-to-one with laptops at Beveridge. Students are expected to use computers appropriately and are responsible for them throughout the school day. The Omaha Public Schools has adopted specific behavior rules for students using computers which are included in the district-wide buff pages of the student handbook. Please read and be familiar with these rules.

**Bicycles and Skateboards**
Students who ride bicycles to school should secure them with a lock to the bike rack located on the south side of the school building. The school cannot be responsible for the safe keeping or damage to bicycles. Skateboards are not allowed at school.

**Cafeteria Pin Number & Lunch Account**
Every student is issued a personal identification number by Omaha Public Schools. This number is used in the cafeteria when purchasing breakfast and lunch. Parents may deposit money in their child’s account at any time by sending money with their child or online at https://www.schoolcafe.com. Questions should be directed to the Beveridge cafeteria at 531-299-8587.

Guidelines for Appropriate Dress to School

School is a place for serious work and study. Certain types of fashion and dress are not appropriate for school. What is considered appropriate dress for school is at the discretion of Beveridge Magnet Middle School staff and administration. All students are expected to dress appropriately for school. Students who do not, will be asked to change.

1. Clothing must not distract the learning atmosphere within the school. Clothing which advertises and/or displays graphics of alcohol, drugs, or sexual content are prohibited.
2. Overcoats and heavy winter jackets are not to be worn in school. These items should be kept in the student’s locker during the school day.
3. Hats, bandannas, and “do-rags” are not allowed to be worn in the building.
4. Sun glasses are not allowed. Gloves are not to be worn in school.
5. Tank tops and muscle shirts are not allowed.
6. Shoes must be worn at all times.
7. Midriffs must be covered at all times.
8. When wearing shorts or skirts, they must be fingertip length. Students may be asked to change if the shorts or skirt is too short.
9. Any clothing that draws undue attention to a student and which is disruptive to the school environment is not acceptable. This includes clothing associated with gangs.
10. Jeans/pants with large holes above the knee must be worn with leggings or pants underneath.
11. All shorts, jeans, sweatpants, etc. must be worn at the waist. **Sagging is not allowed!**
12. Pajama pants and slippers are not allowed.

**Public Display of Affection**
While at school, students must refrain from handholding, kissing, hugging, or more explicit displays of affection.

**Cafeteria Procedures**
Students report to the cafeteria for breakfast and lunch. A federal subsidized hot breakfast and lunch program are available. Students may choose to bring a sack lunch and/or purchase milk if they do not wish to buy a hot lunch.

**Cafeteria Rules**
1. All students must walk to the cafeteria. At lunch, students are escorted by their teachers to and from lunch.
2. All students must line up “Single File on the Yellow Tile” while waiting for their food. There is no cutting, pushing, shoving, or holding places in line. If a student leaves the line for any reason, they must return to the end of the line.
3. Students must go through one of the two cafeteria lines to get breakfast or eat lunch.
4. Students may sit wherever they choose in the cafeteria as long as they are orderly and well-mannered.
5. After eating, students are expected to clean their area and dispose of leftover food, tray and silverware properly.
6. After eating, students may use the restroom and then go outside to the patio (weather permitting), the gym, or auditorium as designated by Beveridge administration and staff.
7. No food or beverages are to be taken out of the cafeteria without permission.

**Student Lockers**
Hall lockers are assigned to all students. Students are to place their belongings in their locker at the beginning of the day and can stop at their locker at lunch and before Team Time. Student lockers are the property of the school district, not the student. School staff can search a student’s locker at any time. Students who deface or damage lockers are subject to discipline.

Each student will also receive a gym locker. This locker is to store clothes and books while participating in physical education class. Students are to keep their locker **locked** at all times.

Clothing, backpacks, or any personal items should not be left on the floor or benches of the locker rooms during physical education class. Please mark all gym clothes so if they are lost, they can be returned. The gym teacher will give instructions concerning the lock and locker. Only the student and the teacher know the combination of the gym lock. To insure safety, students should not share the combination. It is the student’s responsibility to protect the locker and the items in it.

**Restrooms**
Students may use the restroom before and after school, between class periods, and during lunch. Teachers may also allow students to use the restroom with a pass. Beveridge utilizes the **“Rule of 5”**. This means that no students may use the restroom during the first or last 5 minutes of class. Students are expected to keep the restrooms clean. Students should not loiter, write on the walls, or damage the facilities in any way. If a student is feeling ill, he/she should report to the nurse’s office with a pass.
Valuables

Students are not to bring valuable items to school. Beveridge Magnet Middle School will not be responsible for items lost. Students must not bring large amounts of money to school. Valuables and money may be checked into the main office for safekeeping if it is absolutely necessary that they be brought to school. This includes cell phone and electronics.

Candy Sales

Students may not sell candy or other items to students for any reason other than school fund-raisers at school or on school grounds. Candy, pop and other items being sold as part of a school fund-raiser are to be sold before or after school or during non-class hours. Students caught in possession of candy or other related items with or without the intent to sell are subject to disciplinary action. All items will be confiscated.

Clubs, Activities and Athletics

Students at Beveridge Magnet Middle School have many opportunities and are encouraged to become involved in co-curricular clubs, athletics, and activities. Student involvement fosters self-confidence for learning and a sense of belonging. Participation in clubs and activities also offers opportunities for developing social skills while interacting with students who hold similar interests. We believe that students have a primary obligation to complete their school work to the best of their abilities and to behave in an acceptable manner while in school before they are able to participate in extra curricular activities.

7th & 8th grade students may try out for interschool sports. Students must have insurance, parental consent, and a physical exam on file to tryout and participate in sports. Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the OPS educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

1· Honesty  2· Trust  3· Fairness  4· Respect  5· Responsibility

The following activities show a lack of academic integrity: cheating, collusion, falsifying records, lying, plagiarism (including electronic), alteration of materials, forgery, or providing or using external assistance relating to an examination, test, quiz, or daily assignment, without the expressed permission of the teacher, including looking at another student’s work, sharing answers, or copying another student’s work or any act designed to give unfair academic advantage to the student. As an institution of high academic integrity and as believers of supporting students to reach high academic success, every opportunity should be taken to give students the chance to demonstrate mastery of the content.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same courses in the Omaha Public Schools. These grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best practices from grading based on educational research. Most importantly, standard grading practices provide tremendous clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in OPS.

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student’s instructional level.

- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive feedback provides the student with the necessary information to improve their learning. Formative work is at the student’s instructional level. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school.

- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are graded for accuracy. Summative assessments assess the student’s progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Progress Reports

Student progress reports are distributed at the middle of each grading period. Progress reports are designed to let parent(s)/guardian(s) know how their child is performing academically. These grades (marks) are not final and do not appear on student transcripts. As always, parent(s)/guardian(s) can make an appointment with teachers or school counselors in the event that additional supports are needed to improve the student’s progress.

Report Cards

Student report cards are distributed at the end of each grading period. Report Cards are designed to inform parent(s)/guardian(s) of the student’s level of proficiency in each course. For quarter-long courses, grades (marks) issued at the conclusion of the quarter will appear on the student’s transcript. For semester-long courses grades issued at the conclusion of the semester will appear on the student’s transcript.

Grade Point Average

Grade Point Average (GPA) is computed by dividing total grade points earned by credits attempted. GPA takes into account the grade earned, amount of credit earned, and the weight (based upon credit) of the course. All graded courses are included in this computation. Grade points are assigned as follows.

Accident Insurance

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parent(s)/guardian(s) may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic participation with the exception of football. Football insurance coverage will need to be purchased in addition to the above coverage if the student is in need of insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information please contact Michelle Haynes in Student Information Services at 531-299-9724.

Accreditation

Accreditation is a required process by which schools examine all systems and educational functions to certify competency and authority in the operation of Nebraska public schools. In conjunction with the Nebraska Department of Education and an outside accreditation agency like AdvancED, every five years OPS is externally reviewed. This ensures that all people, processes, departments and operations of each school meet all accreditation standards. All of the Omaha Public High Schools are accredited through 2020 by AdvancED and the State Department of Education.

Advertising and Promotion in the Schools – Policy No. 1060

Neither the facilities, the staff, nor the children of the school district shall be used in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual, or organization, except that:

1. District staff may cooperate in furthering the work of any non-profit, community-wide social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or diminish the amount of time devoted thereto.
2. The schools may use films or other educational materials bearing mention of the producing firm or sponsor, providing such materials can be justified on the basis of their actual educational value.
3. Any person or organization seeking to distribute flyers of announcements concerning non-school events to a class or school must receive approval from the Office of District Communications. All flyers are to be distributed through the online Community Opportunities. A single flyer may be posted in the building common place, at the discretion of the building leadership.
4. The administration may, at its discretion, announce, or authorize to be announced, any lecture, community activity, or film which it feels has educational merit.
5. School representatives may, upon approval of the board of education, cooperate with any agency in promoting activities in the general public interest, and which promotes education that is in the best interest of the students.
6. Elementary and middle schools may produce school newsletters and/or newspapers, but may not sell advertising for these publications. However, because of some secondary specialized curriculum areas (e.g., journalism, theatre, performing arts, etc.) advertising space for publications such as student newspapers, sports rosters, theatre productions, and yearbooks is permitted. The middle/high school principal will have the final approval of all advertising in all school publications.
7. With the exception of district-approved Adopt-A-School partners, Office of District Communications initiatives
The single most important factor contributing to student achievement is school attendance. Students are expected to be in school regularly, on time and remain present the entire day. The Omaha Public Schools strongly believes that daily attendance is critical to academic achievement. All OPS schools will follow the Attendance Policy found in the Buff pages of the Student Code of Conduct.

STRIVE FOR 95 is the district focus on increasing the number of students reaching 95% attendance or higher throughout the school year.

- Attend regularly
- Arrive on time
- Attend the entire day
- Miss less than 9 days throughout the school year

If a student is going to be absent

Please contact the school before 7:30 a.m. (secondary) and 9:00 a.m. (elementary) if the student is going to be absent from school. Voicemail will be available to leave a message as to the reason for the student absence. If a phone call is not made by 9:30 a.m. to the school, contact will be made to the family’s home and/or work to notify of the student’s absence. This is to ensure that every child is accounted for and for the protection of all children. If the school was not notified of the student’s absence, please provide a note of explanation as to the reason for the absence.

If a student is going to be late to school

Students must check in with the attendance office before reporting to class. A note or school contact needs to be made to report the reason for the late arrival. Minutes late to school will accumulate and will be added to the total number of days missed. District procedures will be followed regarding late arrivals to school.

Request to leave school early

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to be leave during the school day, the student must bring a note from a parent(s)/guardian(s) stating the exact time for leaving and the reason. If you plan to remove your child from school during the day, we ask that you pick the child up in the office. No student will be dismissed as a result of a phone call. All students must be checked out at the office by parent(s)/guardian(s)/emergency contact and identification must be verified. A note in advance is very helpful. This is for the protection of your child.

School Closing and Early Dismissal

The Omaha Public Schools recognize the right and responsibility of parent(s)/guardian(s) to make a choice in the matter of school attendance in bad weather. If weather is questionable, please listen to the radio or watch your local weather channel for word of school closing. The district will also communicate with families via voice and text messages and information will be posted on the district website. If school closes during the day, we will follow the instructions you have on your child’s emergency card. If this information should change, please notify the office immediately. All OPS schools will follow the Attendance Policy found in the Buff pages of the Student Code of Conduct.

Athletics and Co-Curricular Activities Requirements

It is the practice of the Omaha Public Schools that any student who wishes to participate in athletics and co-curricular competition must have athletic insurance coverage, a current school physical, activities card, and must meet the academic requirements of the Omaha Public Schools. For the purposes of this practice, co-curricular activities are those which involve competition with other schools and generally meet outside of the school day.

It is the position of the Omaha Public Schools that it is important to support the total student. Expectations for our student athletes in co-curricular activities include not only behavior at school or at school functions and events, but go beyond the school day and into the community.

Coaches have the responsibility, pursuant to the OPS Student Code of Conduct to impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for inappropriate behavior. It is the policy of the Omaha Public Schools that any student participant in co-curricular activities and athletics who engages in a brawl, melee, fight or similar inappropriate behavior that arises while the student is participating in, or attending, a game or event may be suspended from participation in co-curricular and/or athletics competition for up to 90 activity days. All coaches, activity sponsors or staff responsible for co-curricular and athletic activities should be notified of this participation restriction, and should notify students and parent(s)/guardian(s) immediately of this participation restriction.

If such behavior occurs, it is the responsibility of coaches, activity sponsors or staff responsible for co-curricular and athletic activities to (a) investigate the alleged misbehavior; (b) give the student written or oral notice of the charge against him/her; (c) explain the evidence against the student; (d) give the student a chance to tell his/her version of what happened; and (e) decide whether, in fact, the student violated this participation rule.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision to the principal.
Athletic Insurance Coverage

All members of athletic squads will need to have accident injury insurance coverage. The purpose of such insurance coverage is to provide coverage in the event of accidental injury. Your school, acting for members of the athletic squad, makes available an Athletic Injury Benefit Plan approved by the Omaha Board of Education. The total premium is paid by the student or parent(s)/guardian(s). If you have your own insurance coverage you must name the insurance company and provide the policy number.

Child Abuse and Neglect

OPS Child Abuse Reporting Policy (Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter. In any situation that would cause a concern to the health or well-being of a child, the staff member who became aware of or witnessed the incident is to contact CPS or Law Enforcement. In addition to calling CPS, the employee needs to speak with their building principal or their immediate supervisor. The building principal or immediate supervisor will contact Human Resources if the incident is in regards to a staff member causing harm to a student.

When any physician, medical institution, nurse, school employee, social worker, or other person has reasonable cause to believe that a child has been subjected to abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would result in abuse or neglect, he or she shall report such incident or cause a report to be made to the proper law enforcement agency or to the department on the toll-free number 1-800-652-1999.

Any person who willfully fails to make any report of child abuse or neglect required by section 28-711 shall be guilty of a Class III misdemeanor. This is a maximum of three months’ imprisonment or five hundred dollars fine or both.

Schools are obligated by law to allow CPS and/or Law enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to your child without prior parental consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law enforcement to contact you and discuss the contact with your child. School staff are instructed not to notify parent(s)/guardian(s) by these officials.

Child Find

OPS undertakes to identify and locate all infants and children with disabilities who reside in the District and who are not receiving a public education. For information regarding the District’s duties to provide services, please contact: OPS Director of Special Education 3215 Cuming Street, Omaha, NE 68131-2024.

Children’s Online Privacy Protection Act (COPPA)

The Omaha Public Schools may contract with publishers or other third-party website operators to provide online curriculum that aligns with district standards or other services that support the teaching and learning processes of the district. These websites are offered for the benefit of the students and for the school system, e.g., homework help lines, web-based testing services, and supplemental curriculum. Website operators provide the Omaha Public Schools with full notice of their collection, use and disclosure practices. The use of the website and the collection of any information from students are solely for the use and benefit of the school, and for no commercial purpose.

Dating Violence Prevention – Policy No. 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses or threatens to use, physical, sexual, verbal, or emotional abuse to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parent(s)/legal guardian(s) shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parent(s) or legal guardian(s) shall be provided a copy of the dating violence policy and relevant information.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) does permit the School District to disclose appropriately designated “directory information” without written consent unless a parent(s)/guardian(s) or eligible student advises the School District to the contrary in accordance with School District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a student’s education records in
certain school publications. Examples include:

- A playbill, showing a student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs showing weight and height of athletic team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without parent(s)/guardian(s) or eligible student’s prior written consent.

The School District has designated the following types of information as directory information:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of attendance
5. The current and the most recent educational agency or institution attended
6. Major field of study
7. Degrees, honors, and awards received
8. Participation in officially recognized activities and sports
9. Weight and height of members of athletic teams
10. Photograph

The School District no longer lists address, phone number and parent name as directory information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing addresses, phone numbers, and parent names: for example, scholarship organizations, news articles on student achievement, class ring manufacturers, year book publishers, college recruiters, and senior picture photographers. Therefore, the School District annually requests written consent from parents to release addresses, phone numbers, and parent names for these types of limited purposes, which are detailed on the release. The release is distributed at the beginning of the school year and can also be obtained at any time by contacting Student Information Services, 3215 Cuming Street, Omaha, Nebraska 68131-2024. We encourage parents to sign the limited release.

Parent(s)/guardian(s) and eligible students who do not want directory information to be available must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students’ names, addresses and telephone listings, unless parent(s)/guardian(s) and/or secondary students request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), eligible students or secondary students who do not want their name, address, and telephone listing to be released to military recruiters or institutions of higher education must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are on file in the Student Information Services office, School District of Omaha, 3215 Cuming Street, Omaha, Nebraska 68131-2024.

Emergency Protocols

In August of 2018, the Omaha Public Schools aligned their emergency protocols to adhere to the Nebraska Department of Education’s Safety and Security Standards. The school system will follow standard practice policies using protocols recommended by the iloveyouguys.org Standard Response Protocol (SPR).

Standard Response Protocols are established in the event of a crisis during school hours or sponsored activities. All school staff and students are trained in specific methods to handle crisis situations. All schools are required to practice safety and prepare for severe weather drills throughout the school year.

Evacuation

In the event of certain building emergencies, students will be relocated to an assembly site. Students will be released only to parent(s)/guardian(s)/emergency contact who present photo ID to proper staff personnel. This procedure is necessary to account for the location of all students. Specific locations of evacuation sites will be communicated through OPS District Communications when an evacuation has occurred.

Fire Drills

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of staff, the exit instructions that have been issued. The classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of staff, students should remain in the assigned area until notification from staff.
**Lockdown**

A lockdown takes place if an internal threat is identified at the school. All school doors are locked, and students are confined to classrooms or secured location. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

**Lockout**

A lockout takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

**Weather and Storms**

The Omaha Public School policy recognizes the right and the responsibility of parent(s)/guardian(s) in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made from the department of District Communications at or before 5:30 a.m. Any changes in dismissal time will also be announced. If the school is alerted to an approaching tornado, immediate directions will be announced within the school building. All students, staff, and visitors will move to sheltered areas until the emergency has passed. In cases of emergencies or of impending disaster, staff is responsible for giving specific instructions for student safety.

Equal Access

As required by federal law, Omaha Public Schools provides equal access to the Boy Scouts and other designated youth groups. Please contact the building principal or the Executive Director for District Operational Services at 531-299-2201 for inquiries regarding this policy.

Health Services

The activities of the health program are implemented at the building level by a registered nurse who is part of the educational team and who is involved with identification, evaluation and care for the individual health needs of all students.

An ill or injured student may not leave the school until permission of the parent(s)/guardian(s), or the person designated by the parent(s)/guardian(s), has been received by the nurse or designee.

A health record is on file for each student in the health office and student health information is entered electronically in Infinite Campus. Parent(s)/guardian(s) are asked to update their child’s health information by reporting to the nurse any booster immunizations, new eye glasses, change in health status or other pertinent information necessary to keep students safe at school.

Accident Report

When an accident occurs where an injury is involved, and the student misses a half day of school or needs to be evaluated by a health care provider, an accident report will be completed.

Action Plans and Rescue Medication

Asthma, anaphylaxis, seizures and diabetes are illnesses which have the potential to cause life-threatening symptoms. A current Action Plan is to be provided to the school at the start of each school year, and if the plan changes during the school year. This plan, signed by the health care provider and the parent(s)/guardian(s) authorizes the required rescue medication be provided to the student at school with the health care provider’s description of the signs and symptoms of an emergency, recommended emergency response and the rescue medication prescribed when these symptoms are present.

Community Counseling Program

The Community Counseling Program has been a collaborative effort of the Methodist Hospital Foundation, Omaha Public Schools and participating churches since 1996. The Community Counseling Program’s mission is to provide crisis interventions, professional consultations, individual, marriage and family counseling and educational presentations and programs to the communities it serves. The Program provides professional counseling services to the youth of the Omaha community, their families and others with the greatest need for mental health services.

Minimum Annual Health Screenings

School health screening is mandated by the Nebraska Department of Health and Human Services which applies to every public school district in Nebraska and every student under their jurisdiction. These regulations became operative July 1, 2017.

The purpose of screening is to identify those students needing further evaluation or assistance in the areas screened. A health screening or health inspection is not diagnostic. The role of the school in these regulations is to make available the required health screening services and carry out compliance activities as described. It is not the role of the school to be a medical provider. Parent(s)/guardian(s) are to be notified of the screening result if the student is found to need further evaluation, as determined by the qualified screener. The cost of the evaluation, by a health care provider, is the responsibility of the parent(s)/guardian(s) of the student. A schedule for screenings is based on current medical and public health practice.

A child is not required to submit to school health screening if the student’s parent(s)/guardian(s) provides school authorities with a statement signed by a physician, physician assistant or an advanced practice registered nurse. The provider will state that the child has undergone such required screening within the last six months preceding the school’s scheduled screening. A child must submit to any required screening at school for which such a statement is not received.

Students in Nebraska schools must be screened periodically for vision, hearing and dental health. In addition, the Nebraska Department of Health and Human Services prescribes height and weight measurement, with calculations of body mass index (BMI), for the purpose of monitoring weight/height status at intervals for all students.

As of July 2017, a child’s parent(s)/guardian(s) may object for the child to be screened for height and/or weight. This objection must be in writing, signed, dated and received by the school before the height and weight screening is done. An updated written, dated objection must be received by the school for each year the child is in a grade level that will be screened for height and weight.

Nebraska School Immunization Law

• Students are required to be immunized prior to enrollment and any student not in compliance will not be permitted to continue in school. The minimum immunizations required for enrollment are:

Students 2-5 years of age:
3 doses of pediatric Hepatitis B vaccine
4 doses DtaP, DTP, or DT vaccine
3 doses of Polio vaccine
1 dose of MMR or MMRV given on or after 12 months of age
3 doses of Hib vaccine or 1 dose of Hib given at or after 15 months of age
1 dose of varicella (chickenpox) or MMRV given on or after 12 months of age, or written documentation from parent(s)/guardian(s) or health care provider of the month and year of varicella disease
4 doses of pneumococcal or 1 dose given on or after 15 months of age

All students from Kindergarten through 12th grade:
3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age
3 doses DtaP, DTP, DT or Td vaccine, one given on or after the fourth birthday
3 doses of Polio vaccine
2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age and separated by at least one month, or written documentation from parent(s)/guardian(s) or health care provider of the month and year of varicella disease

Additionally for 7th grade students (or students enrolling for the first time in OPS in grades 8-12) only:
– Students enrolling in 7th grade and those transferring in from out of state in grades 8 thru 12 must provide evidence of having 1 booster dose of tetanus, diphtheria and pertussis (Tdap) vaccine, given on, or after 7 years of age.
1 dose Tdap (must contain pertussis booster) – the dose can be received any time after 10-11 years of age depending on which brand of vaccine is used.

- Exemptions will be granted for: (1) health reasons substantiated by a written health care provider statement; (2) religious conflict substantiated by a notarized affidavit from the parent(s)/guardian(s).
- Proof of at least one immunization for each required series of immunizations is necessary, to be provisionally enrolled.
- If a student does not have proof of receiving all State required immunizations, provisional enrollment may be allowed when a parent(s)/guardian(s) provides an immunization appointment date to their child’s school nurse. Written verification from the health care provider is necessary when the student returns to school, after receiving the immunization. Provisional enrollment will continue, provided the immunizations are given as soon as it is medically possible.
- Special provisions are available for children of officers or enlisted persons on active duty in the military. Please contact your child’s school for further information.

Immunization Requirement
Students who do not meet the state immunization requirement for immunization compliance may be subject to emergency exclusion until the school reviews the official immunization record which indicates the student meets minimum requirements and or receiving the required immunizations as quickly as medically permitted.

Physical Examination Requirements
Students initially enrolling in school, entering the seventh grade or transferring from out-of-state are required (by Nebraska Health and Human Services) to have a physical examination by a licensed health care provider within six months prior to entrance and provide proof of such an examination. Parent(s)/guardian(s) may opt out of this requirement through a written waiver obtained at the school.

Procedures for Medications
1. OPS policy requires written authorization from a health care provider, or dentist, and written parent(s)/guardian(s) permission for any prescription or over-the-counter medication administered to any student. No unauthorized medication (aspirin, Tylenol and cough drops included) will be administered by the school nurse or other school personnel. No OPS personnel will prescribe medication at any time. When a student must take medication during school hours, adherence to the following procedures is strictly followed:
   a. The school must have written permission from the parent(s)/guardian(s) and a written health care provider statement which provides instruction in providing the correct dosage at the correct time(s). This authorization must be submitted at the start of each school year and with any change in the medication or change in dosage. Authorization from the parent(s)/guardian(s) and health care provider is necessary for all over-the-counter medication also.
   b. The medication must be brought to school by the parent(s)/guardian(s) or an adult authorized by the parent(s)/guardian(s). Secondary students are allowed to bring medication to school if parent(s)/guardian(s) permission and physician authorization and instructions are available in the health office. No secondary or elementary students are allowed to bring controlled medication (methylphenidate, Adderall, etc.) to school. A parent(s)/guardian(s) or parent(s)/guardian(s)-designated adult is to bring controlled medication directly to school personnel.
   c. Pharmacies will provide a prescription medication bottle dedicated to school with each refill. The label on the medication is to include the student’s name, health care provider’s name, date and directions to be followed.
   d. Expired or outdated medication will not be accepted or administered to students at any time.
   e. Non-emergency medication (routine, as needed and over-the-counter medication) is stored in a locked area in the health office until they are turned into OPS environmental services for disposal.
   f. Emergency medication (e.g. EpiPens, inhalers, glucagon and diastat) is stored in a secure but unlocked area in the health office to provide immediate access.
g. Parent(s) or guardian(s) of a student who will not be returning for OPS summer session are responsible to pick up their students’ prescription or over the counter medication on or before the final day of school. Medication that is not picked up will be sent to the district’s environmental services for disposal.

h. Parent(s) or guardian(s) of a student who will be attending summer session in OPS are responsible to pick up their students’ prescription or over the counter medication on or before the final day of summer school. Medication that is not picked up will be sent to the district’s environmental services for disposal.

2. A student may self-medicate if:
   a. The student’s health care provider has authorized self-medication or to self-carry, when it is to be taken, the dosage and frequency of administration.
   b. The parent/guardian provides written permission.
   c. If a student uses his/her own medication other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from carrying their medication at school.

3. A student may self-monitor a diabetic condition if:
   a. There is a written management plan developed by the school, health care provider and parent(s)/guardian(s) designating the specifics of self-monitoring.
   b. The parent(s)/guardian(s) has completed a designated liability statement.
   c. If a student uses his/her own medical supplies other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from self-monitoring the diabetic condition.

School Based Health Centers

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with OneWorld Community Health Center and Charles Drew Health Center to provide quality health care within eight School Based Health Centers (SBHC) in buildings throughout the district. The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants that can diagnose, treat and prescribe medications for many illnesses that keep children out of the classroom, in addition to providing school physicals, physicals to participate in athletics and administering immunizations which are required to attend school. With parent(s)/guardian(s) consent, any OPS student and their minor siblings may use the services provided in the SBHC. The relationship with a student’s medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, commercial insurance, or they can provide a low-cost sliding fee schedule for uninsured children based on family income and size. To enroll, the “School Based Health Center Enrollment and Consent Form” must be completed by a parent(s)/guardian(s) and returned to school. For enrollment forms and more complete information about hours, services and cost, please visit or call your school nurse for assistance.

Special Health Needs

It is imperative for parent(s)/guardian(s) to notify the school of any health needs/concerns their child may have, such as asthma, seizure disorders, severe allergy, diabetes, blood disorders, etc.

Parent(s)/guardian(s) must provide all of their student’s medications and medical supplies for special health care procedures, including blood glucose monitors, inhalers, tubing for nebulizers, catheterization supplies, etc. Medication and certain medical procedures require authorization from the parent(s)/guardian(s) and health care provider (physician [O.D., M.D.], advanced practice registered nurse [A.P.R.N.], physician assistant [P.A.]).

Special Emergency Procedures

In case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated trained staff in CPR/AED to students as a life-saving measure. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered by trained staff. Emergency Medical Services will be activated in life-threatening emergencies. AED and emergency medications, for asthma and anaphylaxis emergencies, are not to be taken off school grounds.

Vision Evaluation Requirement

A vision evaluation by a health care provider or an optometrist is required within six months prior to entrance into kindergarten or transfer from out-of-state. The evaluation will examine for amblyopia, strabismus and internal and external eye health, with testing sufficient to determine visual acuity. Parent(s)/guardian(s) may opt out of this requirement through a written waiver obtained at the school.
Multi-Tier System of Support for Behavior

In Omaha Public Schools, we believe we can affect student behavior by creating environments where students are likely to learn and behave. These environments are guided by a set of standardized practices to increase the likelihood of positive behavior occurring. With consistent implementation, MTSS-B

- improves school climate
- reduces aggressive behavior
- reduces major disciplinary infractions
- improves pro-social behavior and emotional regulation
- improves academic achievement

Each school and program in Omaha Public Schools has an MTSS-B Team to insure effective practices are in place.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. Breakfast is provided at no charge to all students and lunch is provided at reasonable prices. It is the parent/guardian's responsibility to pay for their student’s meals. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Meal Applications

At the beginning of each school year, free and reduced meal applications are distributed to OPS families. They are available online, at all schools, and in the Nutrition Services Office. A student’s meal status from the prior year is carried over for thirty student days into the next school year. To continue meal benefits, a completed and approved application must be on file. Families may complete an application online for the upcoming school year any time after July 23 (may vary year-to-year). Families may also submit applications any time throughout the school year if they believe they may qualify or if their circumstances have changed (e.g., if the household size goes up, income goes down or if anyone in the household starts receiving SNAP, TANF, or other benefits). Links for the online meal application and online payment are located at www.ops.org.

Meal Balances

Parent(s) and/or guardian(s) are encouraged to monitor their child’s meal balance online and keep an adequate amount of funds in the child’s account to pay for their meals. Prepayment is encouraged. Payment may be made online, or at the school with cash or check. District staff will notify parent(s)/guardian(s) of low account or negative balances by using various communication channels (e.g., sending reminders home with the child, making phone calls, sending letters home and through email messages). For information on accessing your child’s online account visit: www.schoolcafe.com (you will need your student’s ID).

Elementary Schools:
- A complimentary breakfast is provided to all students.
- Money remaining in a student’s account at the end of the year will be carried forward to the next school year unless contacted by the parent(s)/guardian(s) for a refund or the child leaves the district. If a student changes buildings within OPS their meal balance will follow them.
- If a student changes buildings within OPS their meal balance will follow them.
- Nutrition Services staff will notify the parent(s)/guardian(s) when the account has funds remaining for three meals in the account (approximately $4 full price meals or $1.20 for reduced price meals).
- Students must have money in their account or cash to purchase extra milk or a la carte items.
- Communication, by the Nutrition Services Staff and the School Administration, will continue until the account balance is paid in full.
- All negative balances must be paid off by the end of the school year.

Middle and High Schools:
- A complimentary breakfast is provided to all students.
- Money remaining in a student’s account at the end of the year will be carried forward to the next school year unless contacted by the parent/guardian for a refund or a child leaves the district. If a student changes buildings within OPS their meal balance will follow them.
- If a student changes buildings within OPS their meal balance will follow them.
- Students will be given a verbal reminder at the cash register when their account falls below $5.00.
- Students will be provided a ‘Two Meal Safety Net’ when the account reaches zero. This allows parent(s) and guardian(s) to provide the funds to pay the balance owed and for future meals.
- Students who have used the ‘Two Meal Safety Net’ and do not have the funds to pay for the current meal will receive a meal which consists of the required meal components. The student will have their choice of a cold sandwich (peanut butter and jelly, sunbutter or cheese), fruit, vegetable and milk. The meal will be charged to the account.
- Students must have money in their account or cash to purchase extra milk or a la carte items.
- Any student who has a negative balance will be able to pay for a current meal when it is received.
- If payment is not submitted, contact will be made to the parent(s)/guardian(s) requesting payment. A meal application may also be sent home.
- All negative balances must be paid off by the end of the school year.

Adults:
- Adults must have money in their account or cash to make a purchase.
- Adults will not be allowed to charge meals or a la carte items.
Adults may check their account balance as they go through the line or contact the cafeteria manager.

**Negative Account Balances**
The school district will make reasonable efforts to notify families when the account balance is low. Additionally, reasonable efforts will be made to collect unpaid meal charges classified as delinquent debt. Communication will be coordinated to contact families to resolve the matter of unpaid charges.

**Online Meal Accounts**
To learn more about how to log in to your child’s meal account online, visit [www.schoolcafe.com](http://www.schoolcafe.com). You will need your child’s student ID to register.

If you have questions regarding your child’s meal account please contact your child’s school or the OPS Nutrition Services Department at 531-299-0230.

**Smart Snacks**
All food sold to students during the school day (from 12:00 a.m. through 30 minutes after the school day) must meet the Smart Snack guidelines; e.g., the nutrition standards. The regulation applies to foods sold a la carte during breakfast and lunch, in the school store, vending machines, school offices, and fundraisers which sell foods that can be eaten by students during the school day.

Additionally, Nebraska’s Competitive Food Rule states no food items can be sold in competition with the school meals program from thirty minutes before until thirty minutes after meal service (breakfast and lunch).

**Student ID Numbers**
Student ID numbers are confidential and must not be shared with anyone. Unauthorized use of an ID number will result in your account being charged for the food. As soon as you become aware someone is using your ID number, please notify Nutrition Services immediately.

**Student Meals**
Druid Hill, Franklin, Kennedy, King Elementary, and Lothrop are enrolled in the Community Eligibility Program and students attending only those schools will not need to complete a meal application.

The federal government requires the school district to verify the information on a designated number of meal applications each year. Families will be contacted if their meal application has been selected.

- **Breakfast:**
  Breakfast is available at no charge to all students. A variety of healthful items are available, of which, each student must choose a minimum of three items. Students must select a fruit as part of the meal.

- **Lunch:**
  A variety of menu items are available at lunch. A student, who participates in the lunch program, must choose a minimum of three components to a maximum of five. All students must take a fruit or vegetable as part of the meal. Additional items are available at a la carte prices.

**Student Payment Procedures**
Weekly, monthly, or semester payment amounts are encouraged. Payment by check is accepted and online payment is encouraged. At the end of every year, a student returning to Omaha Public Schools will have the remaining balance in his/her school lunch account carried over into the next year. If the student is graduating or leaving the district, upon request, the money in a school lunch account may be transferred to other accounts or, if the balance is one dollar or more, the money will automatically be refunded at the end of the school year. Please contact your school’s cafeteria manager or the Nutrition Services Office (531-299-0230) for details.

Parent(s)/Guardian(s) Communication & Access to the Schools

Access to the Schools
Parent(s)/guardian(s) are encouraged to visit their children’s schools, classrooms, assemblies, counseling sessions and other instructional activities. The district will encourage home and school cooperation by promoting clear, two-way communication with parent(s)/guardian(s) about the instructional program, and the child’s participation and progress. Special notice is routinely given to parent(s)/guardian(s) regarding open houses, parent-teacher conferences, award and recognition ceremonies, school activities, certain assemblies, student programs, and other special events.

Parent(s)/guardian(s) are also encouraged to visit their children’s classrooms and daily learning environments. Parent(s)/guardian(s) and other visitors to the schools are expected to arrange such visits in advance. All visitors need to report to the main office or designated area to sign-in and receive visitor’s badge.

Parent(s)/guardian(s) and other patrons of the district are welcome and encouraged to visit the schools. All visitors are expected to report to the main office or designated area to notify staff they are in the building or on school grounds. Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to the Office of the Superintendent.

Communication
Establishing good communication with students is a major goal of Omaha Public Schools, one which the school considers an important factor in a student’s educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an “open door” policy with students. Parent(s)/guardian(s) are encouraged to ask questions. Parent(s)/guardian(s) are invited to seek the counsel of any of these school staff to help solve your problems. Contact your main office to be directed to the appropriate staff member.

One goal of a student’s success in school is correcting problem situations early. The way to do this is to encourage parent(s)/guardian(s) to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the problem gets worse, and the student can see no answer. Parent(s)/guardian(s) are encouraged to show concern and need for help early. The teacher is there to help students succeed.

Parent(s)/guardian(s) will have the opportunity to meet their child’s teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parent(s)/guardian(s) at these conferences.

Newsletters mailed to parent(s)/guardian(s), electronic communication, and school websites are among the other means of communication with the home. The school newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt Street.

Campus Parent
The Omaha Public School District offers parent(s)/guardian(s) the opportunity to view their student’s grades, attendance and fees online. The app, Campus Parent provides anytime access via the internet from the Omaha Public Schools homepage (district.ops.org) or from the direct Campus Portal link (http://campus.ops.org/campus/portal/parent(s)/ops.jsp). Contact your school’s main office to gain access.

Personal Contact Changes

Address Change
If you are moving, whether it is still in the school’s attendance area or not, please report to the school’s main office to inform the school and to provide proof of address such as lease agreement or utility bill.

Email/Telephone Change
If there is a change of email and telephone contact information for parent(s)/guardian(s) or emergency contact, please notify the main office. This information is used to communicate with families about pertinent information.

Protection of Pupil Rights Amendment (PPRA)
PPRA affords parent(s)/guardian(s) certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED) –

2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;

Receive an opportunity and an opportunity to opt a student out of —
1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, height and weight, oral assessment, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use —
1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing sales or other distribution purposes; and
3. Instructional materials used as part of the educational curriculum.

These rights transfer from the parent(s)/guardian(s) to the student who is 18 years old or an emancipated minor under State law.

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parent(s)/guardian(s), regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. OPS will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. OPS will also directly notify, such as through U.S. mail or e-mail, parent(s)/guardian(s) of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent(s)/guardian(s) to opt their own child out of participation of the specific activity or survey. OPS will make this notification to parent(s)/guardian(s) at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities schedules after the school year starts, parent(s)/guardian(s) will be provided reasonable notification of the planned activities and surveys. Parent(s)/guardian(s) will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution;
- Administration of any protected information survey not funded in whole or in part by ED; and
- Any non-emergency, invasive physical examination or screening as described above.

Parent(s)/guardian(s) who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901.

### School Counseling

The OPS School Counseling division provides a comprehensive, strengths-based program aligned with the American School Counselor Association National Model and the Nebraska Department of Education School Counseling Model. The role of the school counselor is to address all students’ academic, career and social/emotional development by delivering a comprehensive program including classroom lessons, individual student planning and responsive services to all students from Kindergarten through 12th grade. School counselors prepare students to excel in college, career and life by instilling hope, increasing school connectedness and empowering students to achieve academic success.

**Omaha Public Schools SAFE Schools Hotline** — The Omaha Public Schools offers student and families the OPS SAFE Schools Hotline for help dealing with depression, anxiety, suicidal thoughts, substance abuse, bullying, relationship issues, violence, or to report a school concern. The Hotline number is 531-299-SAFE (7233) and is available 24 hours a day, 365 days a year, staffed by trained counselors. Spanish-speaking counselors and translation services representing more than 140 languages are available.

### Sexual Harassment

No individual may be discriminated against on the basis of sex in any education program or activity. Sexual harassment of students is a form of prohibited sex discrimination under the circumstances described in the Guidance. Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. The following conduct is sexual harassment:

**Hostile Environment Sexual Harassment** — Sexually harassing conduct (which can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student’s ability to participate in or benefit from an education program or activity, or to create a hostile or abusive educational environment.

**Quid Pro Quo Harassment** — A school employee explicitly or implicitly conditions a student’s participation in an education program or activity or bases an educational decision on the student’s submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid pro quo harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.

### Social Media Practices

The use of social media, text messaging, and gaming unless for teacher-instructed, educational use are not allowed during class time. Cell phone use is limited to passing periods and lunch time, exclusively.
PART ONE: Permissible Fees

Most social media platforms require children to be at least 13 years old to use. Social media use should be monitored by a parent/guardian as it is discouraged for educators and students to connect through these platforms with the exception of school-sanctioned accounts. It is important to remember that any events that occur off school property, or outside of school hours, but captured through use of social media can have school-based consequences if their implications disrupt the learning environment.

---

**Stranger Danger**

The present or potential danger to children that is presented when an unknown individual make physical, verbal, etc. contact or attempted contact with children/students. Whether there is danger or perceived danger, all efforts are taken by staff to ensure safe procedures and routines. In an event that an individual accesses school grounds without appropriate authorization or a student encounters an unsafe situation, law enforcement may be contacted.

---

**Student Fines & Fees**

*PART ONE: Permissible Fees*

No fees shall be charged to students, nor shall materials be required from students, for their participation in any school-related course or activity, whether curricular, co-curricular or extracurricular, except as expressly permitted below.

**a. Extracurricular activities:**

The District shall annually set a single fee for high schools, and a single fee for middle schools which may be required for participation in any extra-curricular activity, and which shall also be the fee for purchase of an activity card.

1. Extra-curricular activities are those activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District.

2. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouthpieces and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

3. Any student who participates in an extra-curricular activity will receive an activity card. All extra-curricular participation fees shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.

4. The extra-curricular participation fee shall be waived for students who qualify for a fee waiver pursuant to PART THREE of this policy.

5. Students who do not participate in extra-curricular activities but wish to purchase an activity card to obtain admission as a spectator to those extra-curricular activities open to spectators may do so on a voluntary basis.

6. The fee for the purchase of an activity card shall be waived for students who qualify for a fee waiver pursuant to PART THREE of this policy. Fees collected from the purchase of activity cards shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.

7. Fieldtrip fees may only be charged if participation by the student is voluntary, if the fieldtrip is not part of the curriculum or an extension of the curriculum, and if the fieldtrip occurs after school hours and/or does not count toward school attendance. All extra-curricular fieldtrip fees shall be deposited into the Student Fee Fund as described in PART TWO of this policy, and as further described in the accounting practices of the District.

8. Students may be required to furnish minor personal or minor consumable items necessary for participation in extracurricular activities.

9. Schools may continue to seek and accept donations, and participate in fundraisers according to District policy in order to fund school day and/or curriculum-related fieldtrips.

10. Clubs, teams and organizations for which there may be a fee required for participation may also, as a club, team, or organization, decide to make purchases, and may fundraise and/or seek donations according to District policy to assist in the funding of their organizations and such purchases, which may include, but are not limited to, apparel and trips. Fundraising by an organization for the activities of that organization...
is not a fee charged by the District.

11. Money raised through fundraising and donations is not deposited in the Student Fee Fund.

b. **Spectator events:**

The Student Fee Fund shall be a separate School District fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from or on behalf of students for: (1) participation in extracurricular activities, (2) post-secondary education costs and (3) summer school or night school.

PART THREE: Waiver of student fees
Required fees that are charged to students pursuant to PART ONE, subsections a and b, shall be waived for students who qualify for participation in the free or reduced-price lunch program under United States Department of Agriculture child nutrition programs. Students shall be provided forms prior to, or at the beginning of each school year, or upon initial enrollment in the District, which shall permit the District to use information the student has provided for qualification in the free or reduced-price lunch program to determine eligibility for fee waiver, and/or which shall provide the information necessary to determine whether a student qualifies for fee waiver because he or she meets the criteria for participation in the free or reduced-price lunch program. Students who qualify for free or reduced-price lunches shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Students or their parent(s)/guardian(s) may request a fee waiver prior to participating in or attending the activity, and prior to the purchase of the materials, and the fee waiver must be submitted prior to the time the fee is due or the time the specialized equipment or attire is needed.

Student Unpaid Obligations
Students are required to assume the financial responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks ($20.00) and refund requests ($5.00.)

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook will be subject to the following restrictions until such time as the financial obligations are met:
1. The student, nor his/her parent(s) or legal guardian(s) shall receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parent(s) or legal guardian(s) may review the student’s permanent record by following the established practices and procedures.
2. The student’s name may not appear on the school’s honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity or on any team that represents the school.
4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Records
Any person other than the student, his/her parent(s)/guardian(s) teachers, counselors, or school officials, may gain access to the student’s records or file by presenting the original copy of a release of information statement prepared and signed by the parent(s)/guardian(s) (or student if over 18) stating the specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Federal Act without prior parental or student consent.

The Family Educational Rights and Privacy Act (FERPA) affords parent(s)/guardian(s) and students 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:
1. The right to inspect and review the student’s education records within 45 days of the day the School District
receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent(s)/guardian(s) or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the School District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the School District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-4605

**Students Responsibilities and Rights**

A student’s basic responsibility in school is to act in a manner that enhances their own and other’s opportunity to learn. A student does not have a right to engage in conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

**Textbooks/Library Books**

Textbooks are supplied by the Omaha Public Schools. Books must be returned in good condition when checked in to the teacher. It is the responsibility of the family to pay for any loss and/or damaged books.

**Volunteers**

If there is interest assisting school personnel in the operations of the school; i.e. library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school. The principal will then follow the Volunteer Process through Human Resources. District volunteer forms (which include a background check component) are utilized at all schools for any individual (parent(s)/guardian(s), relative, or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students.
Parent(s)/Guardian(s) and Students
We ask that you take time to sit down together and read through these rules.

Please note the behaviors that will result in expulsion for the remainder of the semester, the next semester, and one calendar year.

Omaha Public Schools

STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The Student Code of Conduct is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the Code are designed to serve as learning experiences for students.

The Student Code of Conduct includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The Code applies to conduct on school grounds, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee or at a school-sponsored activity or athletic event.

Compliance with the Student Code of Conduct is expected of all students. This Student Code of Conduct applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.
Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need (ex. hunger, sleep, feelings of safety and security). Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child’s practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student’s family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected (ex. “please walk” rather than “don’t run”).
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies (ex. fidget toys, alternative seating, options for quiet areas in the classroom, etc.).
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

- Level 1 Interventions
- Parent(s)/guardian(s) collaboration [a parent(s)/guardian(s) meeting is a mandatory element of response to chronic Level 2 misbehavior]
- School or Community Counselor support
- Change in schedule or class
- House Call
- Behavior Interventionist support
- Consultation with School Psychologist
- Gang Interventionist
- Social Worker
- Mentoring
- Peer mediation
- Referral to School-based Health Centers
- After-school program
- Service to School/Service to Community
- Conflict resolution
- Restorative Practices
- Loss of school privileges
- Temporary removal from the bus
- Revision of Individual Educational Plan (IEP)/504 Plan
- Referral to community agency
- Late School
- Saturday School
- School Transition Program
- Student Success Center (SSC)/ Positive Action Center (PAC)

Level 2 interventions often involve the family, support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experiences at school so that misbehavior is less likely to continue or escalate.

For more information on Repeated Violations and a note regarding level of response, see page 13. Full definitions for all violations can be found in the Glossary, beginning on page 14.
Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Team) should be developed.

Interventions for Level 3 Violations may include, but not limited to:
- Interventions from all previous levels
- Parent(s)/guardian(s) collaboration [parent(s)/guardian(s) meeting may be required upon re-entry from a suspension]
- Plan of assistance (Behavior Intervention Plan, Student Assistance Team)
- Substance abuse screening
- Consult with Behavior Interventionist
- Credit recovery program
- Restitution
- Restorative Practices strategies, including school and community service
- Communication with law enforcement (as needed)

Suspension Guidelines for Grades K-6
Suspension discipline practices should be avoided whenever possible when working with students in Early Childhood programs and Kindergarten.

If an elementary student must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

- 1st and 2nd Grade: 2 day maximum
- 3rd and 4th Grade: 3 day maximum
- 5th and 6th Grade: 4 day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Elementary Principal. For students in grades K-6, expulsion will not be a consequence for a violation of the Student Code of Conduct except in cases of knowingly and intentionally possessing a firearm.

Level 4 Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student’s presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate.

Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support (i.e. a SAT plan) for the student’s ongoing success at school.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
  - For student in grades K-6, expulsion will not be a consequence for a violation of the Student Code of Conduct except in cases of knowingly and intentionally possessing a firearm.
  - Referral to IEP team (students with disabilities) for manifestation determination
  - Alternative educational placement
    - High School (grades 9-12)
    - Middle School (grades 6-8)
  - Communication with law enforcement (as needed)

Full definitions for all violations can be found in the Glossary, beginning on page 14.

Repetitive Violations
Concerning a violation at any level, it may be relevant that the student has committed the same, or similar, violation multiple times during the same school year. In such a case, Repeated Violations may be added as a secondary violation. Repeated Violations will not be used as a primary violation or alone. There may be instances of repeated violations that warrant a higher level of response than indicated in this Code.

A note regarding level of response:
When determining the level of response to a violation of the Student Code of Conduct, school staff will consider the age of the student, the student’s intent, the severity of the circumstances, the level of disruption to the school environment (either during or after the violation), the repeated nature of the situation (if applicable), and any other mitigating or aggravating factors. School response will not necessarily begin at the lowest level indicated for a first offense and may result in a higher resolution than that which is noted in the level of interventions and responses.
**Glossary**

### Level 1 Violations

**Cheating or Plagiarizing**
Academic dishonesty including, but not limited to, copying the work of others on school assignments or tests, and using the ideas of writings of another person.

**Classroom Disruption/Other Behavior Disruptive to the School Environment**
Behaving in such a way that interferes with teaching and learning.

**Disrespectful to Adults/Others**

Arriving late to class excessively, as determined by individual school procedures or caught in the hallway by school staff after the tardy bell has rang.

**Failure to Serve Detention**
Student does not serve an assigned detention, whether it is scheduled during the school day or after school hours.

### Level 2 Violations

**Absence or Tardiness, Excessive**

**Absences:** The District may report to the county attorney when the school has documented that efforts, as required by the collaborative plan, have not been successful in improving regular attendance, and the child has been absent more than twenty days per year. The school shall also provide notice to the parent(s)/guardian(s) prior to the referral to the county attorney. A referral cannot be made to the county attorney’s office until at least 20 days of absence are accrued; however the school may involve the county attorney at any point in the process of addressing the student’s absences. For additional information see the “Student Attendance Policy.”

**Tardies:** Students who report to class after class has started or leave school before the end of the school day will have the total time missed calculated and will become an absence when it is equal to the length of the school day. Repeated tardiness will be reported to the parent(s)/guardian(s).

**Bus Misconduct**
Any offense committed by a student on a district owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention or Response in the same manner as if the offense had been committed at the student’s assigned school; this will include activity on the bus which is unsafe and refusal to follow directions of the driver or aide. Also see “Behavior Rules for Students Receiving District-Provided Transportation” on page 24.

**Careless Driving**
Driving on school grounds carelessly or without due caution so as to endanger a person or property.
Fighting, Less Serious
Mutual physical combat that does not result in injury or a substantial disruption to the school environment, other than
the disruption of the fight itself; any fight, whether more serious or less serious, may be punished more severely if the
students who are fighting do not stop fighting when a school employee orders them to stop.

Misuse of Computers, Digital Devices, or Network
The use of computers or digital devices, whether stand-alone or as a part of a local area network, or as part of a wide
area network such as the Internet, is a privilege, not a right, and must be consistent with and driven by the educational
objectives of the Omaha Public Schools. Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners,
peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school
district. The school district exercises exclusive control over this school property, and students should not expect privacy
regarding their use of any computing facilities because school district property is subject to search and inspection at
any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access,
network access, file storage and transfer, and any personal computing, communication, and data storage devices used
in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the
acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are
responsible for any use of computing facilities made by or through their account, regardless whether at school or at
home. Students are responsible for whatever is contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access
computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate,
or offensive material. The Omaha Public Schools does not condone students’ access to unsuitable materials, and it
maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes
that it cannot control the information on other computer systems and that it may not be physically possible to screen
out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should
follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer
use standards set out below. If a student uses a computer or the Internet inappropriately, he or she will be subject to
the disciplinary actions previously stated.

Inappropriate use of computing facilities shall be defined as:

- The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that
  is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others
  or otherwise in violation of the Omaha Public Schools Internet Safety Policy.
- Using computing facilities to harass or threaten individuals or groups.
- Vandalizing computing facilities. This includes any attempt to alter or destroy data of another or to endanger
  the integrity of a computer or computer network or the data stored thereon (including the introduction of any
  virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging
  equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism.
- Violating copyright law. This includes using unauthorized copies of software, music, photographs, movies or any
  other audiovisual or multimedia work and making, transmitting, receiving, exchanging and/or distributing such
  unauthorized copies. Violating copyright laws will be considered theft.
- Plagiarizing computer-based copyrighted materials in reports and assignments is also defined as inappropriate use.
- Gaining or attempting to “hack” or otherwise gain unauthorized access to computers, computer networks, or
  computer files or data. This includes, but is not limited to, exceeding the authority granted or attempting to evade
  security restrictions or software designed to prevent or monitor inappropriate access to the Internet or networks.
- Gaining or attempting to gain unauthorized access to a personal account or file of another individual.
- Forgery of or interference with electronic mail messages. This includes impersonation of another person while
  sending electronic messages, using a false or anonymous name, age, gender or identifier, and the reading,
  deleting, copying or modifying of any other person’s electronic messages.
- Using computers or computer networks to commit, facilitate, encourage or promote illegal acts.
- Using computers or computer networks to commit, facilitate, encourage or promote the unauthorized or fraudulent
  use of a credit card.
- Using computers or computer networks for a non-educational purpose, such as advertising, games, or commercial
  purposes, unless driven by learning objectives/educational objectives, etc. by the Omaha Public Schools.
- Giving a personal password to another individual or letting another individual use a personal account.
- Knowingly introducing materials forbidden by the Omaha Public Schools into the Omaha Public Schools computers
  and/or systems via any electronic storage media. This is defined as indecent, obscene, racist, sexist, pervasively
  vulgar, defamatory, offensive, or illegal material, or materials promoting harm to self or others.

Possession of Obscene or Pornographic Literature,
Materials, or Electronic Images
Students are prohibited from possessing pornographic or obscene books, magazines, pictures or material of any kind.
The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or
photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may
constitute a crime under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district; and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and lifetime inclusion on sexual offender registries.

Reckless Behavior
Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk, resulting in substantial disruption.

Reckless Behavior Resulting in Personal Injury
Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk resulting in personal injury. The term personal injury shall mean physical pain, illness, or any impairment of physical condition.

Refusal to Cooperate with School Administrative Staff
A student, who has already been sent to the office for misbehavior, continues to fail to comply with directions from staff.

Tobacco, Use of
To include students found to be in use of tobacco or a product that may be used to distribute tobacco or the chemical nicotine while in the school building, or on school grounds or at school activities; the use of tobacco by students in the school or on school grounds or at school activities is forbidden; This practice is in accordance with state and city statutes that forbid minors to purchase and use tobacco and in accordance with directives from the Fire Department.

Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device
Student use of cameras/video devices without consent from school staff is prohibited. The school accepts no responsibility for personal cellular telephones, and personal electronic communication devices present on campus. Refer to section: CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS.

Verbal or Written Abuse to Staff, Nonthreatening
Language or behavior that is disrespectful to a staff member

Vulgarity/Profanity
Written or oral language that is disgusting and/or repulsive, but does not constitute harassment.

Youth Gang Apparel and Behaviors
For the safety and welfare of students and the continued maintenance of a positive and secure learning environment the following rules relative to youth gang apparel, possessions and behaviors apply to all students on school grounds or at school activities:

• Dress as identified by the Omaha Public Schools as gang related apparel is not allowed. Any item worn or carried to identify a person as a gang member is not allowed.

• Writing gang graffiti, possessing items containing gang graffiti, or the display of gang hand signs are an indication of gang involvement and are not allowed.

Level 3 Violations

Assault, No Injury
Knowingly and intentionally using force and/or attempting to cause injury to school staff, volunteer, other person, or student; intentionally placing this person in reasonable apprehension of imminent personal injury. A student’s intent may be inferred from the words and acts of the student.

Bullying
Any intentional ongoing pattern of written or verbal expression, electronic abuse, physical acts, or gestures intended to cause distress/harm upon one or more students and includes an imbalance of power; see the OPS Due Process/School Support Handbook for Reporting and Intervention Procedures, Best Practices, and information regarding Nebraska Revised Statutes 79-267 (72-2, 137). Bullying on the basis of disability, gender, race, color, national origin, gender identity, sexual orientation, age, religion, or marital status constitutes a violation of the Board’s policies prohibiting unlawful discrimination or harassment.

Bullying Prevention Policy No. 5415
One of the guiding principles of the Omaha Public Schools is safe, healthy, and engaged students. The administration and staff are to implement strategies and practices to reinforce and support a positive school culture. This will encourage students to engage in positive behaviors including: empathy, cooperation, teamwork, problem solving and self-control.

The administration and staff are to implement strategies and practices to identify and prevent inappropriate behaviors by all students, including bullying prevention education for all students. Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a
vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school sponsored activities or school-sponsored athletic events. The school district shall review the bullying prevention policy annually.

Forms of Bullying

- Physical Bullying – Hitting, kicking, hair pulling, pushing, or any physical aggression.
- Verbal Bullying – Teasing, name calling, put-downs, or other behavior that would deliberately hurt others’ feelings.
- Sexual Bullying – Any bullying behavior, whether physical or non-physical, that is based on a person’s sexuality or gender or gender identity.
- Emotional or Exclusion Bullying – Starting rumors, telling others not to be friends with someone, eye rolling, or other actions that would cause someone to be without friends or intentionally left out.
- Cyber-bullying – Using electronic devices such as computers, cell phones, and pagers to bully others through methods such as posting comments, statements, or pictures on blogs or websites, text messaging, instant messaging, and email.

Rationale

The Nebraska State Legislature finds and declares that:

(a) Bullying disrupts a school’s ability to educate students; and
(b) Bullying threatens public safety by creating an atmosphere in which such behavior can escalate into violence.

On or before July 1, 2009, each school district shall develop and adopt a policy concerning bullying prevention and education for all students. The school district shall review this policy annually.

Damage to School, Staff, or Student Property

Willfully or recklessly causing or attempting to cause damage. Any student who willfully causes or assists in causing damage or attempts to cause damage in any way to any property, real or personal, is subject to disciplinary action. The parent(s)/guardian(s) shall also be liable to the School District for all property belonging to the School District, loaned to the student, which is returned to the District in damaged condition. Restitution may be required.

Drugs, Possession or Under the Influence

**Additional Information**

**BEHAVIOR RULES FOR CONDUCT OFF SCHOOL GROUNDS, NOT AT A SCHOOL FUNCTION – Policy No. 5103**

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one’s actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries when conduct off school grounds causes substantial disruption to the school environment. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unlawful behaviors. Students engaged in inappropriate conduct off school grounds may be disciplined as provided for in the rules governing participation in co-curricular activities.

**Disciplinary Action**
Any student engaging in behaviors off school grounds that substantially disrupt the school environment and that violate the **Student Code of Conduct** may be subject to:
A. Emergency exclusion if the student’s conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;
B. Suspension by the principal for up to five (5) school days; and/or
C. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District/school administration.

**BEHAVIOR RULES FOR PARTICIPANTS IN CO-CURRICULAR ACTIVITIES AND ATHLETICS** – Policy No. 5103

Students who participate in extracurricular activities are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools. A substantial disruption to the school environment is not required in order to be suspended from participation in co-curricular music/sports/club.

In addition to any other discipline imposed for violations of the Student Code of Conduct or for violations of the behavioral rules for conduct off school grounds, not at a school function, any student participating in any co-curricular music/sports/club at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described below. The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor may impose other sanctions as permitted and described pursuant to “Rules Regarding Other Conduct” in the Student Code of Conduct.

First Offense: 15 Activity Days upon confirmation and notice to the student
Second Offense: 90 Activity Days upon confirmation and notice to the student
Third Offense: 180 Activity Days upon confirmation and notice to the student

School Building Administrators will:
Take action based upon first-hand information. This may include contact with witnesses to the student’s prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student’s version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

The administrator will contact the parent(s)/guardian(s) in writing of the decision on the student’s conduct. The administrator is required to report the decision to Student and Community Services.

**Appeal Process**
A. Any student suspended from participation in co-curricular and athletic activities may appeal the suspension to the Student and Community Services/Hearing Officer. Any such appeal must be in writing and must be received by the Administrator’s Office within seven (7) calendar days of receipt of the written notice of suspension.
B. The student disagrees with the decision of the Student and Community Services/Hearing Officer, he or she may appeal the decision to the Supervisor of the Student and Community Services. Any such appeal must also be in writing and must be received by the Supervisor of the Student and Community Services within seven (7) calendar days of receipt of the written notice of the Administrator/Hearing Officer’s decision.

**Rules Regarding Other Conduct**
Individual coaches, activity sponsors, or staff responsible for an activity may impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for behavior other than those listed previously provided:

A. Students and parent(s)/guardian(s) have first been advised of the participation/eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
B. Restrictions and/or ineligibility are imposed only after the coach, activity sponsor or responsible staff has:
   1. investigated the alleged misbehavior;
   2. given the student written or oral notice of the charges against the student;
   3. explained the evidence against the student; and
   4. given the student a chance to tell his or her version of what happened.
   5. The coach, activity sponsor or responsible staff has decided the student, in fact, violated the participation and/or eligibility rules.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision, as specified above, to the school principal.
BEHAVIOR RULES FOR STUDENTS RECEIVING DISTRICT-PROVIDED TRANSPORTATION

The school bus is considered an extension of the school. Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention and Response in the same manner as if the violation had been committed at the student’s assigned school; this will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff or aide. The Student Code of Conduct will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following:

- The driver is in full charge of the bus and students. Please show respect and follow directions of the driver and/or staff.
- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.

Safety Guidelines for Transportation:

- Bus safety training review
- Assigned seating while on the bus
- Student conference with administration
- Parent(s)/guardian(s) conference with student and

- Temporary removal from the bus (1-5 days)*
- For continued bus misconduct, a student may be suspended from the bus for 6-19 days*

If required, students who refuse to wear safety restraints, may be subject to Intervention and Response, including removal from the bus.

- Remain seated until the driver directs you to unload.
- Do not extend your arms or head outside the bus window.
- Do not throw any items out of the bus window.
- Keep your voices at a quiet level, so to not distract the bus driver.

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of Safety Guidelines for Transportation may result in the loss of the bus transportation privilege.

BOOK BAGS

Middle School

To ensure the safety and security of staff, students, and visitors at middle school buildings, the following items are banned from use by students in middle schools: book bags, totes, backpacks, duffel bags, briefcases, luggage or storage containers used to carry items. These items can be brought to school, but are no longer allowed to be carried from class to class, and must be stored in lockers during the school day. All lockers and their contents are subject to random searches by school staff without prior notification to students. This does not include district provided carriers for district owned electronic devices.

High School

Students may carry book bags, backpacks, and similar items to transport books, supplies, and other belongings. Bags are subject to inspection, and the student is responsible for all contents.

DRESS AND PERSONAL APPEARANCE

Your personal appearance is basically a concern of you and your parent(s)/guardian(s). However, the administration of a school has the responsibility to help students develop good taste in manners of dress and appearance. The development of good judgment in personal appearance should be a cooperative effort between the school and the home.

The following general statements apply to all students:

1. The nature of your appearance should contribute to a positive learning environment.
2. Interpretation of the rights of a minority of the student body should not be such that it negatively influences the general image of the student body or that of the school.
3. Appropriate dress for some activities and learning situations are not necessarily appropriate for others. The health and safety of the individual will not be jeopardized in favor of the students personal preference as to appearance and attire.
4. Shoes and shirts are essential for proper attire. Hats and hair in curlers are not considered proper attire.
5. Printed wording or pictures on clothing that advertise or promote alcohol or drugs or carry derogatory connotations, etc., are prohibited.
6. It is NEVER appropriate to display undergarments.
Standards of dress also include the wearing of caps and gowns by seniors at Commencement Exercises. This public function is memorable for the graduating seniors of the Omaha Public Schools and the wearing of caps and gowns lends the proper dignity to the occasion.

**MAKE-UP WORK DURING SUSPENSION**

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of make-up work is equal to the time the student has been suspended from school but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work. See OPS Policy No. 5207 for more information on make-up work.

**MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS**

If misconduct otherwise covered by the Student Code of Conduct occurs between semesters or between school years, the penalties provided for in the Student Code of Conduct shall be enforced during the next semester. The registration for and completion of a district substance abuse assessment may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the assessment. If the assessment is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the Student Code of Conduct shall be enforced on the student during the next semester.

**NO TRESPASS/BAN AND BAR RESTRICTION**

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school as outlined below:

1. Presents a risk to the safety of others resulting in the likelihood of violence (i.e. specific threats, posturing, or actions)
2. Presents a disruption to the learning environment adversely affecting students/staff (i.e. yelling or destroying property)
3. Repeated failures to follow school policy/procedures (i.e. refuses direction from school administrators or check-in process)
4. Does not have legitimate purpose to be on school grounds or activities (i.e. loitering or wandering inside building)

An individual in receipt of a “No Trespass or Ban/Bar Restriction” may not come onto the grounds of an issuing school. All restrictions are applicable from date of issuance through the subsequent summer and are made void, unless otherwise specified, each August. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to Student and Community Services.

**PERSONAL CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS**

The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other Personal Electronic Devices (PEDs) by students and the consequences for noncompliance with the procedure to ensure that the use of cell phones and PEDs does not interfere with teaching and learning during the school day.

Elementary and middle school students shall leave cell phones powered off in their backpacks or lockers and may only use them before or after school and/or at the approval of their building administration. The use of cell phones and PEDs should not interfere with teaching and learning during the school day. SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student’s version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. It is the principal’s responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student’s prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student’s version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of his/her decision.

In cases of recommendations for long-term suspension, reassignment, exclusion or expulsion, the student may, upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect. See OPS Policy No. 5101 for more information on student discipline and exclusion of students from school.
Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the Student Code of Conduct resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student’s disability and will also determine if the conduct in question was a direct result of the school district’s failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the Student Code of Conduct.

STUDENT SEARCHES – Policy No. 5406

Drug Searches by Police/Sheriff Canine Units

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District’s schools and programs.

A. The Superintendent or his designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.

B. A building principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student’s vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.

C. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the Student Code of Conduct.

D. The student’s parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.

E. This policy shall be included in the student handbooks. This policy shall not be implemented until parent(s)/guardian(s) and students are provided written notice of this policy.

Searches of School Lockers, Student Automobiles, and Students’ Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal’s designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the Student Code of Conduct. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Under state law, it is “unlawful for the pupils of any public secondary school to participate in or be members of any secret organization.” The Board of Education is empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

Student Attendance: STRIVE FOR 95

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn has a huge impact on student academic success and their connectedness to school starting in kindergarten and continuing through high school.

STRIVE FOR 95 focuses on students missing no more than 9 days throughout the year. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who maintain the STRIVE FOR 95 goal are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff, and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

**Student Responsibilities**

- Establish bed time and morning routines
- Understand the importance of STRIVE FOR 95 and why attendance matters
- Arrive on time
- Attend school the entire day
- Miss less than 9 days of school throughout the year

**Parent/Guardian Responsibilities**

- Establish bed time and morning routines
- Ensure your child(ren) arrive to school on time
- Encourage and acknowledge the importance of STRIVE FOR 95
- Schedule any medical or other appointments after school or on non-school days
- Report any absences to the school attendance secretary

**Teacher Responsibilities**

- Create a positive classroom culture of why attendance matters
- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with students
- Collaborate with school staff to address attendance concerns
- Celebrate students who are meeting attendance goals

**Administrative and Support Staff Responsibilities**

- Create a positive school culture of why attendance matters
- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with staff, students and parent(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate students who are meeting attendance goals

**Secondary School Attendance Practices (Middle and High School guidance)**

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time and for the entire day. The responsibility for attendance is shared by the student, the parent(s)/guardian(s), the teacher, and other school staff. Although each person’s performance affects reaching the goal and STRIVING FOR 95, everyone will be responsible for the student’s actions and consequences for their actions will follow.

**Students:**

Secondary students have the primary responsibility to be at school on time, every day, for the entirety of the day, and to report on time to their scheduled class each period. All absences are instructional minutes missed, with the exception of a school sponsored activity, shall count as an absence from school. Work covered in each class period is important, and any time missed affects student performance.

Students who are absent more than ten days in a semester may have difficulty completing the required work at a passing level.

Students have the responsibility to make arrangements for makeup instruction and complete all work missed due to absences. Teachers should follow the Omaha Public Schools common grading practices.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom as well as the school level and be clearly communicated to all students.

**Parent(s)/Guardian(s):**

Parent(s)/guardian(s) have the responsibility to emphasize the importance of school attendance and see that the student is in school on time and through its entirety every day. STRIVE FOR 95 is a collaborative effort and with parent/guardian support we can reach this goal. Parent(s)/guardian(s) shall call the school if a student is absent and shall provide appropriate written notice including doctor’s notes if applicable. Parent(s)/guardian(s) have the responsibility to encourage their students to make up work. Parent(s)/guardian(s) should attend parent-teacher conferences and contact the teacher, principal or other school official if they have questions. Parent(s)/guardian(s) involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.
Teachers:
Teachers will provide the classroom climate, instruction and acceptance of all students that promote learning and good attendance. Clear expectations for student performance and activities that are essential parts of instruction must occur at the very beginning of each class as well as throughout the class period. Teachers are responsible for assisting students in completing makeup work following the student’s absence.

Administrative and Support Staff:
Principals, Assistant Principals, Counselors, and other support staff will demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual and his/her attendance. Parent(s)/guardian(s) will be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student’s academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES
The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the Student Code of Conduct and other school rules, was received. The signature shows agreement to the accepted responsibility to know the contents of the handbook, to understand the rules for students contained in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook.

SUMMER SCHOOL AND DUE PROCESS
Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the Student Code of Conduct. However, disciplinary consequences may be limited to short-term suspension, long-term suspension and Expulsion from Summer School. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS
Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras although otherwise confidential student records, may be reviewed in the presence of school officials by parent(s)/guardian(s) of students being disciplined as a result of misconduct recorded on tape. If an incident involves two or more students, then all parent(s)/guardian(s) must provide written consent to view the video. Written consent is not needed for students who are seen in the video, but who are not involved in the incident. Video may be used as evidence in student hearings. See OPS Policy No. 3231 for more information on video surveillance.

Tobacco, Alcohol, Drugs
The use of tobacco, drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES
A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic event shall be punished in the same manner as if the offense had been committed at the student’s assigned school.
